All non-defective products returned to stock must be returned as new in the original unopened carton, within 30 days, and will be assessed a 20% restocking charge. Special order and non-inventoried products are not returnable.

30-DAY (DOA) POLICY: AMT offers a 30-day dead-on-arrival (DOA) return program whereby the customer can return, freight prepaid to AMT for free replacement, any DX Antenna product found to be inoperable within 30 days of purchase by the customer, provided the product does not show signs of abuse, neglect or abnormal usage. The DOA product must be returned in its original box and include all parts and accessories that originally came with it. The product must include a note explaining the reason for return. For products that become inoperative beyond 30 days of purchase, refer to the "service" policy above. Returns and repairs of product other than DX Antenna brand product may be sent back directly to the manufacturer, or coordinated through AMT.

LOANERS: AMT provides loaners while products (any brand) are in for repair, at no charge to the customer. The supply of loaners is subject to availability. AMT will ship loaners freight free via UPS Ground to any location in the continental USA, but the customer must pay the freight back to AMT when returning loaners. Loaner products must be returned when repaired products are received back by the customer, and must be returned in the original packaging. Loaner product that is not returned at AMT's request or within thirty (30) days of receipt of repaired goods will be invoiced to the customer.
